

SWEETWATER LOPES LACROSSE CLUB

Community Sponsorship/Donation Information

Thank you for your interest in our team!

Every dollar you graciously give goes directly to the athletes in the program.

We strive to keep the cost of playing down to the bare minimum, and with help in the form of donations, sponsorship, and equipment grants, we can continue in that mission.

Funding received goes directly to these specific expenditures:

- 1) **Player Dues:** Our players must pay to play, but as noted efforts are made to make it as affordable as possible. No player will ever be turned away due to monetary reasons.
- 2) **Team League Dues:** we must pay for fields outside of Rock Springs and referees during league play regardless of venue as lacrosse is not yet recognized or affiliated with state sport agencies.
- 3) **Team Equipment:** in order to keep costs low, grants have been written to receive equipment, but with growth, age, and size limitations, new equipment is needed every other year
- 4) **Team Education:** with changed in the game both in terms of play and safety, continual education is needed both in terms of coaching and in playing
